

# Science matters

Every moment of a researcher's time counts

With the Supply Center by Thermo Fisher Scientific, you can:

- Get easy access to a comprehensive range of lab consumables
- Avoid running out of product
- Customize available stock to suit your unique needs
- Decrease environmental impact with consolidated deliveries
- Access greener product alternatives

To start using your Supply Center, register at [thermofisher.com/supplycenter](https://thermofisher.com/supplycenter)

Supply Center provides instant access to the products you use most. But did you know it can also help make your lab more environmentally friendly?

By consolidating restocking shipments, Thermo Fisher Scientific reduces packaging waste by **~700,000 lbs. annually**.

And through your Supply Center, you can choose from more than **1,400 greener product alternatives** available for purchase in our product catalog—**simply look for the green leaf symbol**.

So go ahead—get recognized as an environmental champion and feel good about the difference you're making.
