

# Increase your lab productivity with Supply Center

Access products you need with our simple and convenient on-site stocking program

Your science matters. Every moment of your time matters. That's why we offer the Supply Center program for quick, easy, and local access to a comprehensive range of lab consumables. Enjoy an extra layer of assurance to support your research by having your most-used products ready to go when you are. Eliminate the chase for products and get back some of your precious time to pursue results.

## We offer a range of Supply Center solutions to fit your specific needs

- Avoid running out of product
- Customized inventory to suit your unique needs
- Decreased environmental impact with consolidated deliveries
