

TSE/BSE Statement for TaqPath™ BactoPure™ Microbial Detection Master Mix**Cat. No. A52699 / A52700 / A52701 / A52702**

TaqPath BactoPure Microbial Detection Master Mix is sourced from Vilnius, Lithuania which refers to CPMP/CVMP Guideline EMA/410/01, 'Note for Guidance on Minimizing the Risk of Transmitting Animal Spongiform Encephalopathy Agents via Human and Veterinary Medicinal Products' for minimizing risk of animal material contamination.

- The raw bovine material is sourced from healthy animals and from TSE/BSE risk negligible countries. Suppliers provide certificates of suitability (CEP) as applicable.
- The product also contains other bovine material that comes from TSE/BSE risk negligible countries.
- Environmental controls, cleaning, and monitoring procedures for equipment and facilities are in place to mitigate cross contamination risk.
