Enhanced digital response to get you up and running faster

Unity Lab Services Tech Direct Instrument Service Plan

Let's face it: waiting around because an instrument is down halts progress. Priority response and the ability to remotely resolve more than 35% of issues help remove barriers to your research. Take advantage of our latest digital tools for remote support with the Unity™ Lab Services Tech Direct Instrument Service Plan to get your lab up and running faster.

The Tech Direct service plan features:

- Remote resolution of more than 35% of issues with our remote repair services
- Unlimited access to Enhanced Technical Support, where we aim to connect you immediately with an expert who can use Digital Remote Support tools for faster diagnosis, troubleshooting, and resolution
- Proactive annual preventive instrument maintenance that increases uptime
- Service delivered by highly experienced and certified engineers and support staff
- 10% discount for on-site corrective maintenance with 5-business-day priority response target**

A service plan that raises the bar for remote and preventive care

The Tech Direct service plan is available for mass spectrometry, chromatography, trace elemental, molecular spectroscopy, sample preparation, and discrete industrial analyzer instruments.

No need to wait – our digital tools enable remote resolution of 35% of issues.

The Unity Lab Services Advantage

Unity Lab Services provides superior service and support that gets you up and running faster.

Service and support excellence

- Instrument issues are resolved remotely **35%** of the time
- Digital remote support capabilities help diagnose, repair, and increase first-time fixes
- Faster path to resolution — **50%** faster response time and **30%** reduction in downtime with a service plan
- Proactive preventive maintenance visits increase instrument uptime

OEM technical expertise

- Unparalleled knowledge and service expertise
- Direct access to more than **2,000** highly experienced factory-certified engineers with an average of **18** years of experience maintaining scientific instruments
- High-quality OEM factory-certified parts

Proven track record

- Over **50** years serving science, delivering seamless service commitments and improving overall service experiences
- Preferred asset management advisor and trusted partner, improving lab operations
- One of the broadest and most comprehensive sets of service solutions in the industry

Global reach

- Consistent global execution with service professionals located strategically across the globe in **23** countries
- Committed to providing the fastest response possible, increasing lab productivity and uptime

Visit unitylabservices.com/techdirectserviceplan to learn more or request a service plan quote.

* Upgrades to new versions of software not included

** Targeted response time for on-site corrective maintenance visits is 5 business days (provided PO has been received)

*** Monday through Friday during standard business hours
