

# HHP Upgrades

Upgrading prior HEAD handset positioners to HHP IV

Code 1409.01 / 1409.02 / 1409.03

HHP IV is a motorized handset positioner and the latest most sophisticated model of HEAD acoustics handset positioners. There are three different ways for upgrading prior handset positioners to HHP IV. The upgrade depends on type and serial number of the prior handset positioner. One upgrade path covers former HHP models HHP I, HHP II, HHP II.1 and HHP III. For HHP III.1, two different upgrades are available depending on the serial number of HHP III.1.

# OVERVIEW

## UG HHP III.1N > HHP IV

### (Code 1409.01)

This upgrade applies to HHP III.1 devices as of serial number 14030043. It includes all delivery items of HHP IV except the clamping device CDM-R. The supplied clamping device of these HHP III.1 devices is already compatible with HHP IV.

## SCOPE OF DELIVERY

Scope of delivery from HHP IV (Code 1406) excluding CDM-R (Code 1407)

## UG HHP III.1 > HHP IV

### (Code 1409.02)

This upgrade applies to HHP III.1 devices up to serial number 14030042. It includes all delivery items of HHP IV except the clamping device CDM-R. These HHP III.1 devices have been delivered with clamping device CDV-R. CDM-R and CDV-R are almost identical. However, the upper part of the T-plate of CDM-R has been amended in comparison to CDV-R. Thus, the part UT-CDM is part of the upgrade.

## SCOPE OF DELIVERY

Scope of delivery from HHP IV (Code 1406) excluding CDM-R (Code 1407)

UT-CDM (Code 1638.31)

- > Upper Part of T Plate of MotoMount Clamping Device

## UG HHP I/II/II.1/III > HHP IV

### (Code 1409.3)

This upgrade applies to devices HHP I / II / II.1 / III. It includes the entire scope of delivery from HHP IV.

## SCOPE OF DELIVERY

Full scope of delivery from HHP IV (Code 1406)

HHP IV without CDM-R

CDM-R

UT-CDM (highlighted, orange)
