

New Box Design For Samco Specimen Tubes

Current box – closed

Current box – open (caps removed for visual reference only)

Current specification/design:

- Each pack contains 100 glass specimen tubes with the poly stoppers flat packed in the top of the box for protection *
- The lid and base are currently made from separate pieces of cardboard, secured using tape and staples (lid only)

* *Smaller sizes contain 250 tubes per pack*

Current specification/design (cont.):

- Packs are shrink wrapped for dust protection (*not pictured*)

New Box Design For Samco Specimen Tubes

New box – closed

New specification/design:

- Each pack still contains 100 specimen tubes with the poly stoppers flat packed in the top of the box for protection *
- The lid and base are made from one piece of cardboard only – no need for tape or staples
- Shrink wrap material made from **100% RECYCLABLE material** (not pictured)

* *Smaller sizes remain unchanged at 250 tubes per pack*

New box – open with caps and without (without is for visual reference only)

New specification/design (cont.):

- **NO** change to inner product – glass and stoppers remain exactly the same
- New card made from approx. **90% recycled material content, FSC Certified**
- **BOX AND SHRINK WRAP COMPLETELY RECYCLABLE**
