

Free Sequenza Staining Rack!

With the Purchase of Any Quanto Detection System

Save Time and Improve Sensitivity

The Thermo Scientific™ UltraVision Quanto Detection System Series is one of the most sensitive and simple detection systems available.

The Thermo Scientific Sequenza Manual Staining system saves time with a simple manual process.

For a limited time get them both for the price of one. (A \$260 value!)

How It Works

1. Order any detection system listed on the back of this card.
2. Visit www.thermoscientific.com/labvision and fill out the promotional information including the promo code "Sequenza".
3. Receive your promotional product!

Full Promotional Details

Valid Until November 30th, 2012

Detection systems can be purchased through any Thermo Scientific Immunohistochemistry product distributor in the US and Canada. Outside of these regions promotions may vary by region so please check with your local distributor. Products must be purchased at list price to be eligible. To redeem this promotion visit www.thermoscientific.com/labvision and fill in all required fields, especially your order confirmation number. Ensure your contact information is correct so that we can contact you quickly if there are any issues.

For other questions or inquiries please e-mail: lab.sales@thermofisher.com.

Terms and Conditions:

1. For Promotional Items: Customer represents and warrants that if customer is reimbursed directly or indirectly under the federal health care program for products purchased under this quotation or order, customer is reimbursed under the same federal health care payment methodology for all products. Customer agrees to disclose the value of the discount or reduction in price received under this program to any state or federal program which provides cost or charge-based reimbursement to customer for the products or services purchased under this program.
2. Offer is not valid where prohibited by law.
3. Offer cannot be combined and is limited to one per customer or institution.
4. Terms subject to change without notice.
