How to access the eLearning course page on the EducationConnect learning platform

Course access instructions: CTS Cellmation Software training

Gibco™ Cell Therapy Systems (CTS™) Cellmation™ Software is an off-the-shelf software solution for the control of cell therapy manufacturing instruments from Thermo Fisher Scientific. Powered by the DeltaV™ system, Cellmation Software is compatible with the DeltaV Live workstation. The software was developed according to GAMP™ 5 methods and conforms to regulatory requirements for use in CGMP-compliant processes and optimized for easy scaling to accommodate R&D, process development, and manufacturing.

If you DO NOT have a thermofisher.com account:

1. Go to **thermofisher.com/register** to create a new account. You will be asked to verify your account by email.

2. Once you've verified your account, you can access the EducationConnect learning platform by following the steps in the next section.

SCIENTIFIC

If you **DO** have a thermofisher.com account:

1. Go to **thermofisher.com/educationconnect** to log in using your thermofisher.com username and password.

2. Complete your EducationConnect user profile (first-time login only).

3. Click on the **EducationConnect logo** at the top left to go to the home page dashboard.

4. In the subscription code field on the left side, enter the appropriate code below to self-enroll in the course you are interested in taking.

   - CTS Cellmation Software for Gibco™ CTS™ Rotea™ Counterflow Centrifugation System eLearning Curriculum, subscription code **CMROT100CTS**

   - CTS Cellmation Software for Gibco™ CTS™ Xenon™ Electroporation System eLearning Curriculum, subscription code **CMXN100CTS**

   - CTS Cellmation Software for Gibco™ CTS™ DynaCellect™ Magnetic Separation System eLearning Curriculum, subscription code **CMDYN100CTS**

   - CTS Cellmation Software for Thermo Scientific™ CryoMed™ Controlled-Rate Freezer eLearning Curriculum, subscription code **CMCRY100CTS**

   - CTS Cellmation Software for Thermo Scientific™ Heracell™ VIOS™ CO_2 Incubator eLearning Curriculum, subscription code **CMHRCL100CTS**

   - CTS Cellmation Software Batch Runs eLearning Curriculum, subscription code **CMBATCH100CTS**

5. Click on "**View all my courses and learning plans**" to refresh the page.

6. Click on the course card to go to your course page.

7. Click "**Start Learning Now**" to review the content.

For the best experience using the EducationConnect system, we recommend:

- Using the Google Chrome™ web browser, although most browsers should be compatible

- Clearing your browser cache and cookies regularly to help improve performance; refer to your browser documentation for instructions on how to clear the cache

For general information on using the system, you can watch our brief **video tutorial**.

If you have questions about using any of the cell and gene therapy instruments, please go to **thermofisher.com/contactus** to find contact information for your local technical support team.

For assistance with using the EducationConnect learning platform, please contact **educationconnect@thermofisher.com**.
