

Stock up and save!

Save 20% on Spare Parts when
you purchase by December 31, 2020*.

For a limited time, you can save 20%* on spare part orders for the
Thermo Scientific™ FH 62 C14 Continuous Particulate Monitor and
Thermo Scientific™ 5030 SHARP Particulate Monitor

Ensure your equipment stays up and running

As we near the retirement date for the FH62 C14 and 5030 Sharp product lines, we recommend customers stock up and take advantage of this one time promotion and substantial discounts on spare parts. Optimizing your spare parts inventory is critical and results in the least amount of equipment downtime.

Avoid
unnecessary
Downtime

Order today! Contact your local sales representative or customer service team member for more details. Please provide promo code **2020 PARTICULATE SPARES** to receive discount.

**Offer valid for binding purchase orders received on or before December 31, 2020. Can not be combined with any other special pricing or discounts and previous purchases are not eligible. Must be willing to accept partial order shipments delivery on or before December 31, 2020, or within standard factory delivery dates.*
