

When worker safety
can't be compromised

Thermo Scientific Dosimetry Services

Radiation dose monitoring services.

Thermo Scientific Dosimetry Services offers you accurate measurement of radiation dose exposure in the workplace, ensuring worker safety.

Your partner for safety

- Access to in-house, customer care experts
- Access to Dosimetry Consultants
- Access to Thermo Scientific MyRadCare – Free on all of your electronic devices
- NO maintenance fees
- NO cancellation fees
- NO fees to add, delete or make changes to wearers

How it works

As an industry leading supplier of dosimetry products for over 50 years, Thermo Fisher Scientific understands the importance of keeping your teams safe.

Choosing your service

1 Choose the reporting frequency

Frequency	Ideal for
Monthly	Dose management needs due to higher radiation doses
Bi-monthly	
Quarterly	General dose monitoring needs

2 Choose the badge type

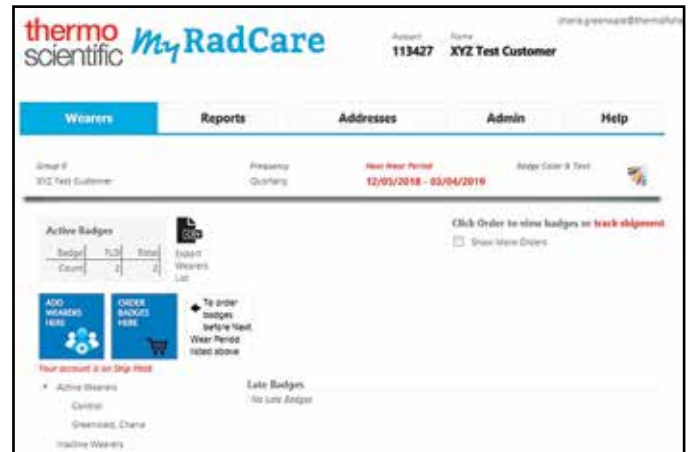

Type	Energy Measured	Applications
Dosimetry Badge	X-ray, Beta and Gamma	Whole Body Monitoring in Healthcare, Veterinary, Dental, Industrial, Science & Research, Non-Destructive Testing, Decommissioning and Energy
Neutron Dosimetry Badge	X-ray, Beta, Gamma and Neutron	Whole Body Monitoring in Healthcare, Veterinary, Dental, Industrial, Science & Research, Non-Destructive Testing, Decommissioning and Energy (with Neutron source)
Dosimetry Ring	X-ray, Beta and Gamma	Extremity Monitoring

Online account management

Easy, Secure, Accessible.

Every minute counts in your busy day. Thermo Scientific MyRadCare, our online account management service, provides you an easy, mobile-friendly way to manage your dosimetry account.

MyRadCare operates on secure servers and uses the latest encryption technology to ensure all of your online information is protected.

Account at a glance

With MyRadCare online access you can:

- Track your account balance
- View, pay and print invoices and statements
- View and print dose reports
- Create NRC Form 5 reports in minutes
- Add, delete or change wearers
- Create orders and track badge shipments
- Customize badge colors by department and locations
- Manage badge distribution and return dates
- Receive email notifications of badge shipments, unreturned badges, invoices and dose reports
