Harness the Power of Metabolomics

2017 Global Seminar Tour – Precision Medicine/Multi-Omics Agenda

Thursday, October 12th 2017

Hôtel Saint James Albany, 202 rue de Rivoli, 75001, Paris

09:30	Introduction – Jocelyn Dupuy, Thermo Fisher Scientific
09:45	Métabolome et Médecine systémique – Robert Barouki, Institut Necker
10:15	Corporate capabilities overview – Brad Hart, Thermo Fisher Scientific
10:45	Pause Café
11:15	What are you missing in your metabolome... The Orbitrap™ Perspective – Claire Dauly, Thermo Fisher Scientific
11:45	Title TBC – Anne Claire Boschat, Institut Necker
12:15	Déjeuner
13:15	Find the targets and answers that matter - Introducing the Biocrates Absolute/DQp400 HR kit and Thermo Scientific™ Q Exactive™ Orbitrap™ MS for targeted metabolic profiling – Carmen Ludwig Papst, BIOCRATES Life Sciences AG
13:45	TBC – TBC, Thermo Fisher Scientific
14:15	Pause Café
14:45	Translational proteomics solutions to support precision medicine – Sébastien Gallien, Thermo Fisher Scientific
15:15	Can proteomics profile breast cancer – Luc Camoin, Centre de Recherche en Cancérologie de Marseille, Institut Paoli-Calmettes
15:45	Conclusions et Fin de la Journée
