

Thermo Fisher Scientific invites you to the Cannabis Testing One-Stop Analytical Solutions Seminar Series

Join us at one of our free educational seminars

October 9–18, 2018

Montreal | Toronto | Ottawa | Vancouver
11:30am–5pm

[Reserve your seat](#) for a free educational seminar to learn about complying with Canadian cannabis testing regulations coming into effect in October.

Whether you're setting up a new laboratory or scaling operations, we can provide a complete range of instrument workflows to drive your laboratory productivity and deliver trusted results.

Topics include:

- Health Canada regulation updates
- Targeted and non-targeted pesticides analysis
- Sample Preparation tips for improving results
- Fast and accurate heavy metals analysis to ppb levels by ICP-MS
- Rapid mycotoxins analysis by LC-MS
- Cannabis potency testing by UHPLC-UV/DAD
- Analytical software and cloud LIMS solutions

| Seminar city | Venue | Date |
|--------------|---|----------------------|
| Montreal | Centre Mont-Royal | Tuesday, October 9 |
| Toronto | CHSI Corporate Event Centre | Thursday, October 11 |
| Ottawa | Ottawa Conference and Event Centre | Tuesday, October 16 |
| Vancouver | Four Points by Sheraton Vancouver Airport | Thursday, October 18 |

Who should attend

Government and Contract Laboratories, Licensed Producers and Environmental Testing Laboratories that are involved in meeting Health Canada cannabis testing regulations.

- Laboratory Owners following QA/QC protocols
- Laboratory CEOs
- Laboratory Directors and Managers
- Laboratory Purchasing Agents
- Laboratory Scientific Staff

Check-in starts at 11:30am.
Complimentary lunch will be provided.
Seminar ends at 5pm.
