

# Nordic GC & GC-MS Seminars

Gothenburg, Sweden | May 30, 2018

## Agenda

| Time  | Topic   |
|-------|---|
| 09.00 | Registration and coffee   |
| 09.30 | Welcome and introduction<br><i>Karl Persson, Thermo Fisher Scientific</i>   |
| 09.45 | Introducing new developments in source technology for GC-MS<br><i>Inge de Dobbeleer, Thermo Fisher Scientific</i>                       |
| 10.15 | How vials and closures can improve your GC-MS results<br><i>Petra Gerhards, Thermo Fisher Scientific</i>                                |
| 10.45 | Coffee break  |
| 11.15 | Screening and identifying unknowns with GC-HRAM<br><i>Per Nilsson, Thermo Fisher Scientific</i>   |
| 11.45 | Workflows for GC-MS in the Thermo Scientific™ Chromeleon™ Chromatography Data System<br><i>Jan Pettersson, Thermo Fisher Scientific</i> |
| 12.15 | Lunch   |
| 13.15 | Optimizing and troubleshooting your MS parameters in GC-MS<br><i>Inge de Dobbeleer, Thermo Fisher Scientific</i>                        |
| 13.45 | Liquid injection troubleshooting<br><i>Inge de Dobbeleer, Thermo Fisher Scientific</i>  |
| 14.15 | Why use SPE for GC-MS?<br><i>Petra Gerhards, Thermo Fisher Scientific</i>   |
| 15.00 | Coffee and meet the specialists   |

### Venue:

Scandic Crown  
Polhemsplatsen 3
