

IC-MS Focus Seminar

Edinburgh | September 4, 2019

The Lyell Centre | Research Avenue South, Edinburgh EH14 4AP

Agenda

Time	Topic
09:30	Registration
10:00	Introduction
10:10	Introduction to detections for ion chromatography: Identify the best detection for the job
10:40	Customer presentation
11:10	Coffee break
11:30	Why IC-MS? <ul style="list-style-type: none">• Selection of hardware• Which ion chromatography system?• The right MS for the right application?• Thermo Scientific™ Chromeleon™ Chromatography Data System (CDS) software for IC-MS
12:30	Lunch
13:00	Introduction to IC-MS applications: <ul style="list-style-type: none">• Polar pesticides - anionic and cationic• Haloacetic acids• Environmental anions• Metabolomics• IC-MS in forensics
15:30	Meeting close
