

# Advances in Elemental and Ion Chromatography Analysis Seminar Series 2018

May 29: Amrath Hotel Brabant, Breda | May 30: Thermo Fisher Scientific, Breda

Agenda	
08:30	Registration and coffee
09:30	Welcome and introduction: Ion Chromatography <i>Peter Hoskam, Thermo Fisher Scientific</i>
09:45	Advances in ion chromatography: Introducing the new Thermo Scientific™ ICS-6000 HPIC™ system <i>Detlef Jensen, Thermo Fisher Scientific</i>
10:45	Update on features and capabilities of Thermo Scientific™ Chromeleon™ Chromatography Data System (CDS) Software <i>Roel Hegger, Thermo Fisher Scientific</i>
11:15	Coffee break
11:45	Applications of ion chromatography <i>Peter Hoskam, Thermo Fisher Scientific</i>
12:15	Discrete analyzers versus ion chromatography <i>Anna Shestakova, Thermo Fisher Scientific</i>
12:30	Ion chromatography tips and tricks <i>Roel Hegger, Thermo Fisher Scientific</i>
13:00	Lunch
14:00	Introduction to AAS, ICP-OES and ICP-MS <i>Peter Hoskam, Thermo Fisher Scientific</i>
14:15	ICP-MS: Single quad versus triple quad versus high resolution <i>Daniel Kutscher, Thermo Fisher Scientific</i>
15:00	ESI sample introduction systems <i>Paul Watson, ESI</i>
15:45	Introducing the new features of Thermo Scientific™ Qtegra™ Intelligent Scientific Data Solution™ Software <i>Claudia Charko, Thermo Fisher Scientific</i>
16:15	Meeting close with drinks and snacks
