Filaggrin Monoclonal Antibody (FLG01)

Catalog Number MA5-13440

**Product Specific Information**

MA5-13440 targets Filaggrin in IHC (P) applications and shows reactivity with Human samples.

The MA5-13440 immunogen is recombinant filaggrin protein.

**Background/Target Information**

Filaggrin is expressed only in well differentiated keratinized epithelial cells. The synthesis of filaggrin varies in types of ichthyosis, and with viral, premalignant and malignant conditions.
