*Terms and conditions: Offer valid November 4, 2024 through December 13, 2024 for Europe only for customers who have purchased at least 1000 EUR of Oxoid AST Discs between November 4, 2024 through December 13, 2024. Current discounts are applicable. Offer is limited to AST disc part numbers that begin with 'CT' and end with 'B' e.g. CT-XXXXB. Eligible customers will receive one Oxoid Disc Dispenser of their choice, either Part. No. ST6090 or ST8090. Limit one per customer. A no-charge evaluation sample of Oxoid Cefiderocol Discs (CT1964B) is also available to customers based in Europe who would like to evaluate the product and that are eligible for the 80% discount on the disc dispenser.

This promotion is subject to availability and while stocks last unless the promotion is earlier withdrawn by us; and we reserve the right to discontinue this promotion for any reason and without prior advance notice. Multiple single purchase orders of qualifying products can be made within the timeframe stipulated. Only requests made via this promotional form are valid. Limit one sample per customer. Requests will be void if prohibited by local law or policy and other restrictions may apply.

EUCAST-compliant AST discs, including cefiderocol, with consistent, reliable supply

Thermo Scientific™ Oxoid™ AST Discs deliver top-tier results, many with EUCAST disc diffusion methodology compliance, along with the newest antimicrobials, available in a full range of concentrations including meropenem/vaborbactam, ceftazidime/avibactam, temocillin, ceftolozane/tazobactam and cefiderocol.

This offer is limited to orders of qualifying products placed on a single purchase order from November 4, 2024 - December 13, 2024. Complete the required information below and email it to microbiology.eu@thermofisher.com. Forms for no charge products must be received by December 13, 2024.

This is a new order; please process entire order, including no charge packs.

Order has already been placed, please send no charge items only.
