Company grants you the right to use the number of copies of the Software as specified on your contract or invoice, and for which you have paid the applicable license fees, under the following conditions:

(a) Academic License: If Company identifies a Software license as an Academic License, the Licensee must be an academic institution or other qualifying non-profit organization and may use up to the maximum number of copies of the Software that have been validly obtained pursuant to the License. Software provided through an Academic License may only be used for "Academic Use," which means use (i) by an individual employed by (or, with respect to academic institutions, enrolled in a course of study at) an accredited academic institution, organized and operated exclusively for the purpose of education or research, (ii) at the location of such academic institution, and (iii) solely for purposes directly related to teaching, training, degree-granting programs, and research and development that are part of the instructional functions of the institution. (b) Node-locked License: a license to the Software limited to use on the single computer owned, leased or otherwise controlled by Licensee on which the Software is initially installed and for which a license key has been issued. You may only install the Software for use on one platform or operating system.

Company will provide to Licensee a License Key that will unlock the usage of the Software for a specific maximum number of Network License Seats. Single-Facility Floating License (LAN): If Licensee purchased a Single-Facility Floating License, Licensee may install and use the software on any platform supported by Company on one (1) Licensee's internal Local Area Network (LAN) by the licensed number of concurrent users. (A) Non-commercial Distribution of Licensee Application Software and Runtimes under Developer Academic License. If Licensee is qualified as a Developer Academic License user, all the Licensee Application Software developed or otherwise created by the Licensee using the SDK, and which embed a Runtime, must be distributed free of charge, only within the context of their use for educational or research purposes, and must not generate any commercial revenue or get deployed by a corporation for its in-house use or be used in any other commercial manner. (B) The Developer Academic License does not grant rights to the Licensee to distribute the Software otherwise than in the Runtime form. (C) If applicable, Licensee must enter into a commercial licensing agreement with Company prior to distributing the Licensee Application Software for in-house use within a commercial enterprise or for any commercial purpose, including without limitation revenue generation. (D) The Developer Academic License does not grant rights to any Update, Upgrade, Maintenance or Support service.

3.   Third Party Licensor Rights.

Various software components of the Software may be licensed under third-party licenses, which may include additional terms, notices and/or information ("Third-Party Licenses") that may be applicable to such third-party software components, including Open Source Software ("OSS"), and which may be found in the documentation accompanying the Software. To use the Software, Customer must, and hereby agrees to, abide by the Third-Party Licenses. Certain Third-Party Licenses may require Company to distribute source code associated with the Third-Party License upon Customer's request. To the extent required by the associated Third-Party License, such source code may be available to Customer via a source-code repository site referenced in the Third-Party License, and if the source code is not available at such site, Customer may obtain a copy of such source code by contacting Customer's Company representative. Licenses from third party licensors may have enforceable rights in the components included in the Software and the third party licensors may be able to enforce such rights directly against Licensee. Company's warranty, maintenance, and indemnity obligations do not apply to third party components to the extent that (i) the third party license to Company requires that such software is distributed without warranty and/or (ii) the components are OSS.

4.   Permitted Use.

(a)   You may make one copy of the Software in machine-readable form solely for backup purposes. You must reproduce on any such copy all copyright notices and any other proprietary legends on the original copy of the Software. You may not sell or transfer any copy of the Software made for backup purposes.
(b)   You agree that Company may audit your use of the Software for compliance with these terms at any time, upon reasonable notice. In the event that such audit reveals any use of the Software by you other than in full compliance with the terms of this Agreement, you shall reimburse Company for all reasonable expenses related to such audit in addition to any other liabilities you may incur as a result of such noncompliance.
(c)   Your license rights under this EULA are nonexclusive, nontransferable, and non-assignable.
(d)   Mandatory Product Activation. You must activate the Software through the use of the Internet. There are technological measures in this Software that are designed to prevent unlicensed or illegal use of the Software. You agree to follow any requirements regarding such technological measures. You may also need to reactivate the Software if you modify your computer hardware, alter the Software, or install the Software on another computer. Product activation may be based on the exchange of information between your computer and Company. None of this information contains personally identifiable information nor can it be used to identify any personal information about you or any characteristics of your computer configuration.

5.   Prohibited Actions.

(a)   Other than as set forth in Section 2, you may not make or distribute copies of the Software or electronically transfer the Software from one computer to another or over a network.
(b)   You may not alter, merge, modify, adapt or translate the Software, or decompile, reverse engineer, disassemble, or otherwise reduce the Software to a human-perceivable form or modify the Enhanced Compressed Wavelet ("ECW") file format in any way, including file conversion application converting ECW files to any other file format.
(c)   You shall not remove any proprietary notices, labels, or marks from any part of the Software or documentation.
(d)   You shall not claim any rights in the Software other than Licensee's right to use the Software in accordance with this Agreement.
(e)   Unless expressly permitted by Company, you may not rent, lease, host, network, or sublicense the Software.
(f)   Unless expressly permitted by Company, you may not modify the Software or create derivative works based upon the Software, in whole or in part.
(g)   Licensee may not use the SDK to develop Licensee Application Software that competes with the Software.
In the event that you fail to comply with this EULA, Company may terminate the license and you must destroy all copies of the Software. All other rights of both parties and all other provisions of this EULA will survive such termination.

6.   Software Updates.

If this copy of the Software is an update from an earlier version of the Software, before you may install or use the Software Update, you must: i) possess a valid license of an earlier version of the Software to be updated; and ii) your Software must be within the Maintenance Period or you must have a current Maintenance contract. You may continue to use each earlier version copy of the Software to which this update copy relates on your computer after you receive this update copy, provided that, (i) the updated copy and the earlier version copy are installed and/or used on the same computer only and the earlier version copy is not installed and/or used on any other computer; (ii) you comply with the terms and conditions of the earlier version's end user license agreement with respect to the installation and/or use of such earlier version copy; (iii) the earlier version copy or any copies thereof on any computer are not transferred to another computer unless all copies of this update copy on such computer are also transferred to such other computer; and (iv) you acknowledge and agree that any obligation Company may have to support and/or offer support for the earlier version of the Software may be ended upon availability of the update.

7.   Software Upgrades.

If this copy of the Software is an upgrade from an earlier version of the Software, you must: (i) possess a valid full license of an earlier version of the Software used to upgrade to this upgrade copy, and ii) have your License covered by a Maintenance contract, in order to install and/or use this upgrade copy. You may NOT continue to use each earlier version copy of the Software to which this upgrade copy relates. The software upgrade is considered as new Software and subject to the general terms of this Agreement or the End User License Agreement that accompanies the upgrade.

8.   Reservation of Rights.   Title to and ownership of Software, and all proprietary rights or intellectual property rights with respect to the Software, remains exclusively with Company or its licensors. The license does not constitute a sale of the Software or any portion or copy of it. Ownership of the source form of Licensee's Application Software that makes calls to but does not contain all or any portion of Software remains the property of Licensee.

9.   Confidentiality.   Software is a trade secret and is proprietary to Company. Licensee shall maintain Software in confidence and prevent disclosure of Software using at least the same degree of care it uses for its own similar proprietary information, but in no event less than a reasonable degree of care. Licensee shall not disclose Software or any part thereof to anyone for any purpose, other than to employees or authorized end users for the purpose of exercising the rights expressly granted under this Agreement. The obligation under this Section shall survive any termination of the Agreement.

10.   Warranty.   Company warrants that for a period of thirty (30) days following the date the Software is shipped to Licensee (the "Maintenance Period"), the Software will materially conform to the user manuals and other standard end user documentation issued by Company in conjunction with the Software. LICENSEE ACKNOWLEDGES AND AGREES THAT LICENSEE'S SOLE AND EXCLUSIVE REMEDY AND COMPANY'S SOLE AND EXCLUSIVE OBLIGATION FOR ANY BREACH OF THE FOREGOING WARRANTY IS THE MAINTENANCE OBLIGATIONS SET FORTH IN MAINTENANCE SECTION BELOW. EXCEPT FOR THE FOREGOING WARRANTY, COMPANY DISCLAIMS ALL WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING ALL IMPLIED WARRANTIES OF MERCHANTABILITY, TITLE, NON-INFRINGEMENT OF THIRD PARTIES' RIGHTS, AND FITNESS FOR A PARTICULAR USE. WITHOUT LIMITING THE FOREGOING, COMPANY DOES NOT WARRANT THAT THE FUNCTIONS CONTAINED IN SOFTWARE WILL OPERATE IN THE COMBINATION LICENSEE SELECTS OR THAT OPERATION OF SOFTWARE WILL BE UNINTERRUPTED OR ERROR-FREE.

11.   Liability Limitations.   COMPANY AND ITS LICENSORS SHALL NOT BE LIABLE FOR ANY SPECIAL, INDIRECT, PUNITIVE, OR CONSEQUENTIAL DAMAGES RESULTING FROM USE OF SOFTWARE OR FOR THE RESULTS OBTAINED THROUGH THE USE OF THE SOFTWARE, INCLUDING ANY LICENSEE APPLICATION SOFTWARE. COMPANY'S CUMULATIVE LIABILITY FOR DAMAGES HEREUNDER, WHETHER IN AN ACTION IN CONTRACT, WARRANTY, TORT, NEGLIGENCE, STRICT LIABILITY, INDEMNITY, OR OTHERWISE, SHALL IN NO EVENT EXCEED THE AMOUNT OF LICENSE FEES PAID BY THE LICENSEE FOR THE SOFTWARE LICENSED UNDER THIS AGREEMENT. THESE LIMITATIONS SHALL APPLY NOTWITHSTANDING ANY FAILURE OF ESSENTIAL PURPOSE OF ANY LIMITED REMEDY.

12.   Defense.   Company will defend or settle any action brought against Licensee to the extent based on a claim that Software, used within the scope of the license, infringes any U.S. copyright and will pay the cost of any final settlement or judgment attributable to such claim provided Licensee (i) gives notice to Company of such action within 10 days of Licensee being aware that such action has commenced or is threatened, (ii) allows Company to control the defense at its discretion in relation to this action, and any settlement negotiations, and (iii) cooperates with Company in the defense or settlement of such action. If Company believes Software is likely to be the subject of an infringement claim, it may elect to obtain for Licensee a license to continue using Software, replace or modify it to make it non-infringing or terminate the Agreement on written notice to the Licensee. Company shall have no obligation to defend (or any other liability) to the extent any claim involves anything other than the current, unaltered Software release if such would have avoided infringement or use of Software in combination with non-Company programs, equipment, or data. In addition, Company will have no obligations hereunder if Licensee continues using Software although it has been informed by Company of an allegation that Software is infringing the abovementioned copyright. The foregoing states the entire obligation and liability of Company with respect to any infringement by Software of any intellectual property rights or other proprietary rights of Licensee or a third party.

13.   Termination.   This Agreement and the license may be terminated without fee reduction (i) by Licensee without cause on 30 days notice; (ii) by Company, in addition to other remedies, if Licensee is in default and fails to cure within 30 days following notice; (iii) on notice by either party hereto if the other party ceases to do business in the normal course, becomes insolvent, or becomes subject to any bankruptcy, insolvency, or equivalent proceedings. Upon termination for any reason, Licensee shall immediately return Software and all copies to Company and delete all Software and all copies from the Designated Equipment.

14.   Non-Waiver.   The delay or failure of either party to exercise any right provided in the Agreement shall not be deemed a waiver. If any provision is held invalid, all others shall remain in force.

15.   **Choice of Law**.   This Agreement, interpretation of this Agreement and any claims or disputes arising out of this Agreement shall be governed (i) by the laws of the Commonwealth of Massachusetts, exclusive of its choice of law provisions and each party hereby irrevocably consents to the exclusive jurisdiction of the state and federal courts located in Middlesex County and the Commonwealth of Massachusetts if Licensee is located in the United States, Canada or Mexico and (ii) the laws of France, exclusive of its conflicts of laws provisions and each party hereby irrevocably consents to the exclusive jurisdiction of the Bordeaux Court, France for all other jurisdictions. The United Nations Convention on Contracts for the International Sale of Goods shall not apply. Any action against Company under this Agreement must be commenced within one year after such cause of action accrues.

16.   **Notice.**   All notices that are required under this Agreement will be in writing and will be considered effective upon receipt, provided that there is proof of delivery by a third party or written acknowledgement by the recipient. The notices addressed to Company shall be sent to its address set out above. The notices addressed to Licensee shall be sent to its address set forth in the applicable price quotation.

17.   **Commercial Rights**.   The Software is a "commercial product," as that term is defined in 48 C.F.R. 2.101, consisting of "commercial computer software" and "commercial computer software documentation," as such terms are used in 48 C.F.R. 12.212. Consistent with 48 C.F.R. 12.212 and 48 C.F.R. 227.7202-1 through 227.7202-4, all U.S. Government End Users acquire the Software with only those rights set forth in this license.

18.   **Miscellaneous.**   This Agreement contains the entire understanding of the parties and supersedes all other agreements, oral or written, including purchase orders submitted by Licensee, with respect to the subject matter covered in this Agreement. Any other terms and conditions contained in a Licensee purchase order will not apply. This Agreement may be modified only by a writing executed by Company and Licensee. Licensee may not assign, pledge, or otherwise transfer this agreement, nor any rights or obligations hereunder in whole or in part to any entity. Paragraph headings are for convenience and shall have no effect on interpretation. In the event that it is necessary to undertake legal action to collect any amounts payable hereunder, Company shall be entitled to recover its costs and expenses including, without limitation, reasonable attorneys' fees.

19.   **Maintenance.**   During the Maintenance Period, Company or its authorized Licensee or distributor, will provide standard Software maintenance services, as applicable. Software maintenance services consist of (a) the provision of Software updates, (b) the provision of error corrections for the Software, and (c) the provision of Hotline support in connection with the Software. Except as agreed in a separate support or maintenance agreement or as required by applicable law, Company is under no obligation to provide updates, upgrades, enhancements, or modifications to the Software. Any updates or upgrades that the Company may choose to provide will be at the sole discretion of the Company. If the Company, at its sole discretion, provides any updates, upgrades, enhancements, or modifications to the Software, such updates, upgrades, enhancements, or modifications will be provided "as is" without any warranties or representations of any kind, express or implied, including but not limited to implied warranties of merchantability, fitness for a particular purpose, or non-infringement. The Company does not guarantee that any updates, upgrades, enhancements, or modifications to the Software will be compatible with the Customer's environment, including but not limited to hardware, software, and other systems. Any support, maintenance, or other services related to the Software, including the provision of updates, upgrades, enhancements, or modifications, may be offered by the Company at additional cost under a separate agreement, provided that Company is not obligated to offer such services. The terms and conditions of such services will be governed by the separate agreement. Company reserves the right to discontinue the provision of any updates, upgrades, enhancements, or modifications to the Software at any time without notice. Software maintenance services will be provided in accordance with the terms of any maintenance contract to those customers who have purchased maintenance services for the applicable Software. Any changes or additions to Software, except changes or additions authorized by Company, as applicable, shall immediately terminate any maintenance obligation to Licensee. All notices of Software malfunctions shall be in writing with details sufficient to diagnose or reproduce said failure. Licensee will be responsible for any installation of any Software Updates and Software Upgrades. This Maintenance service does not apply to the Developer Academic License.

20.   **Export Controls.**   Licensee acknowledges that the provision by Company of products (including components and spare parts), software, services (including warranty services), technology or intellectual property, including technical information supplied by Company or contained in documents (collectively Items), is subject to applicable export controls of the U.S. government and other jurisdictions, including but not limited to the European Union. These controls may require Company or Licensee to first obtain a license (or similar requirement) from the relevant authority, or regulatory body. Licensee shall comply with all applicable export laws and regulations. Licensee shall not, without first obtaining from the relevant authority or regulatory body any license required to do so lawfully, export or re-export any Item (either directly or indirectly), to: (i) any restricted or embargoed country or any person or organization whose privilege to participate in exports has been denied or restricted by the applicable authority; or (ii) any person or organization who is involved in improper development or use of nuclear weapons, or of chemical/biological weapons (CBW) or missiles, or in terrorist activities. Licensee will, on request (i) promptly provide written information correctly identifying the end user and end use of any Items (including any information as it may relate to a subsequent transfer of such Items by Licensee); and (ii) cooperate fully with Company in any official or unofficial audit or inspection arising in respect of the Items under applicable export or import control laws or regulations. Licensee will ensure that the customers and end users to whom Licensee re-sells or transfers the Items agree in writing to the provisions of this Section and Licensee covenants to use its best efforts to enforce such provisions against customers and end users. Licensee shall indemnify and hold Company harmless from, or in connection with, any violation of this Section by Licensee or its employees, consultants, agents and/or representatives. In addition, failure of Licensee to comply with this Section shall be a material breach of this Agreement and shall entitle Company to immediately terminate this Agreement. Company shall be entitled to terminate this Agreement without prior notice if such termination is necessary in order to comply with applicable export laws and regulations.

21.   Use of Collected Data and Feedback. Company and our agents may monitor the Software and collect data regarding your use of and the performance and operation of the Software, associated equipment, devices and peripherals, and use such data to provide support to users, detect and address threats to the functionality, security, integrity and availability of the Software, detect and address violations of this Agreement, and improve the Software and develop new products and services ("Collected Data"). We and our agents will only use Collected Data as set forth in this Agreement and as permitted by applicable law. You hereby grant to Company and our agents a worldwide, royalty-free, fully paid, non-exclusive, license to copy, modify, and distribute internally and to you Collected Data in furtherance of the purposes stated in this Agreement. This license ends when Collected Data is no longer stored with Company. In addition, Company shall have a royalty-free, worldwide, transferable, sub-licensable, irrevocable, perpetual license to use or incorporate into the Software any suggestions, ideas, enhancement requests, feedback, recommendations or other information provided by you relating to the features, functionality or operation of the Software. Licensee acknowledges and agrees that any ideas, enhancements, modifications, and the like disclosed by Licensee to Company with respect to the Software ("Software Improvements and Feedback") will be the property of Company. Licensee agrees to assign, and hereby assigns, all rights, title, and interest worldwide in the Software Improvements and Feedback to Company and agrees to assist Company, at Company's expense, in perfecting and enforcing Company's rights thereto and ownership thereof. Licensee acknowledges and agrees that Company and its affiliates may use such Software Improvements and Feedback for its business purposes without restriction.
