

THERMO FISHER SCIENTIFIC - ELECTRON MICROSCOPY eLEARNING LICENSE TERMS AND CONDITIONS

“Software” means the eLearning Single Seat, eLearning Academic Multi Seat or eLearning Multi Seat program (as indicated in the quotation) and the contents therein, including any updates and parts thereof, whether expressed in object code, source code or otherwise. Software is copyrighted, and FEI Company (“Licensor”) retains exclusive right, title and interest in and to the Software and all copies or portions thereof, including all intellectual property rights. Subject to the payment of all fees due hereunder, Licensor hereby grants to customer (“Licensee”) a nonexclusive, nontransferable, non-sublicensable license for a period of one (1) year (or as otherwise set forth in Licensor’s quotation) from the date of first access to use the Software on the system on which it is originally installed or accessed for internal purposes only (and not for commercial resale), subject to the provisions of this license. Third party software may be subject to additional license rights and restrictions as set forth in the documentation and/or license agreements included with such software.

The Software and documentation and any copies, translations, compilations, partial copies, modifications, improvements, enhancements and updates are proprietary to Licensor or its licensors, and contain copyrighted material, trade secrets and other proprietary material. In order to protect such intellectual property rights and preserve the confidentiality of the Software, Licensee may not decompile, reverse engineer, disassemble or otherwise reduce the Software to a human-perceivable form, except to the extent expressly permitted by mandatory provisions of applicable law (including national laws implementing Directive 91/250/EEC on the legal protection of computer programs) in order to gain certain information specified therein, provided that Licensee shall not exercise its rights under such laws, unless and until Licensee has first requested the required information from Licensor in writing, and Licensor, at its sole discretion, has not complied with Licensee’s request within a commercially reasonable period of time. Licensee may not modify, network, rent, lease, loan, distribute or create derivative works based upon the Software, in whole or in part. Licensee shall not remove any proprietary notices from any part of the Software or documentation. Licensors of third party software that may be included in the Software have all the rights and benefits of Licensor under this license, and, to the extent permitted by applicable law, shall have no liability for any damages, whether direct, indirect, incidental or consequential, arising from the use of such third party software. Licensee shall not make Software available in any form to any third party without the prior written consent of Licensor.

Licensor does not warrant or guarantee that (i) the Software will meet Licensee’s requirements, (ii) the Software will operate in combination with other hardware, software, systems or data not provided by Licensor, (iii) the operation of the Software will be uninterrupted or error-free, (iv) all Software errors will be corrected, or (v) use of the Software will lead to any results or outcome related to use of any product (including without limitation any Licensor product). The Software is not intended as a replacement for live training by an applications specialist, which is recommended.

Purchase of a Single Seat option provides one (1) individual user access to the Software for a single platform type. Purchase of a Multi Seat option provides access for up to ten (10) individual users for a single platform type, with the one-year access period for all users beginning on the date that the first user accesses the Software. Each seat shall correspond to a username that is unique to an individual user and may only be used by such user; no substitutions, transfers or assignments are permitted for other users with respect to such seat and username after such user's first access. Platform type is selected when the first user is registered for use of the Software. Available platform types may be adjusted by Licensor from time to time but may include TEM, SEM, DualBeam and XPS. The model, configuration and other aspects of the system documented in the Software may be different from those of Licensee's system.

If this license is purchased in connection with a new system sold (directly or indirectly) by Licensor, access to the Software shall be provided after such system has been installed and accepted. Orders for the Software (i) cancelled prior to first access may be subject to cancellation fees and (ii) may not be cancelled after first access. Use of the Software requires adequate internet access and system requirements, including without limitation Docebo Learn System Requirements and those of certain third-party software.

Licensor may make changes to the Software or these Terms and Conditions at any time.

Licensee is solely responsible for any equipment, devices, hardware, cabling, materials, services, support, products, applications or licensed software supplied by parties other than Licensor that Licensee uses in conjunction with the Software. Licensor shall not be directly or indirectly responsible or liable for any damage or loss caused or alleged to be caused by or in connection with use of or reliance on any equipment, devices, hardware, cabling, materials, services, support, products, applications or licensed software supplied by parties other than Licensor.

Use of the Software is permitted only for use in the scope of and in accordance with these Terms and Conditions. Use of the Software for any other purpose is prohibited without the express permission of Licensor. The Software may not be accessed, used or distributed by or to any affiliate or third party unless otherwise agreed in writing by Licensor. Licensee hereby represents and warrants that it has all necessary rights, licenses and approvals to provide and manage its content and applications in the Software, and that its users who access and use the Software, and undertake any actions within the Software, have been duly authorized by Licensee, to do so on behalf of Licensee. Licensee hereby agrees to notify Licensor in the event it becomes aware of any violation of these Terms and Conditions by it, or any of its users.

Licensee shall, to the best of Licensee's knowledge and ability: (a) provide true, accurate, current and complete information as prompted by any registration form required in connection with the use of the Software (the "Registration Data"), (b) maintain and promptly update the Registration Data to ensure the information is true, accurate, current and complete, (c) promptly, and without undue delay, inform Licensor of any confirmed or reasonably suspected unauthorized use of an account or any other breach of security, and (d) endeavor to exit from the account at the end of each work session. If Licensor finds or reasonably suspects that the provided information is materially untrue, inaccurate, not current or incomplete, Licensor may, upon reasonable notice and opportunity to cure, suspend Licensee's account and refuse any and all current or future use of the Software (or any part of them), until such condition is remedied to Licensor's reasonable satisfaction. Licensee shall be obligated to maintain the confidentiality of the password created for use of the Software. Licensee shall be fully responsible for all activities that occur using such password. Licensee acknowledges and agrees that Licensor shall not be liable for any loss that Licensee may incur as a result of someone else using a password that has been assigned to or obtained by Licensee, either with or without the knowledge of Licensee, nor shall Licensor be liable or responsible for any unauthorized access or misuse of the Software by Licensee, unless and to the extent that the same shall be attributable to Licensor's actions.

NOTWITHSTANDING ANY OTHER PROVISION OF THIS LICENSE, IN NO EVENT SHALL LICENSOR BE LIABLE FOR SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES OR LOSSES ALTHOUGH LICENSOR MAY BE INFORMED OF THE POSSIBILITY OF SUCH DAMAGES IN ADVANCE. EXCEPT AS EXPRESSLY PROVIDED HEREIN, LICENSOR DISCLAIMS ALL OTHER LIABILITY TO LICENSEE OR ANY OTHER PERSON IN CONNECTION WITH THIS AGREEMENT OR THE DELIVERY OR NON-DELIVERY, MAINTENANCE, USE OR PERFORMANCE OF THE SOFTWARE AND ASSOCIATED HARDWARE, INCLUDING SPECIFICALLY, BUT WITHOUT LIMITATION, LIABILITY FOR NEGLIGENCE OR STRICT LIABILITY IN TORT. IN NO EVENT SHALL LICENSOR'S LIABILITY UNDER THIS LICENSE EXCEED \$1000.00 AND LICENSEE ACKNOWLEDGES THAT THE TERMS AND CONDITIONS OF THIS AGREEMENT REFLECT THE ALLOCATION OF RISK SET FORTH IN THIS AGREEMENT AND THAT LICENSOR WOULD NOT ENTER INTO THIS AGREEMENT WITHOUT THESE LIMITATIONS OF ITS LIABILITY.

If any term or provision of this license or the application to any person or circumstance shall, to any extent, be invalid or unenforceable, the remainder of this license, or the application of such term or provision to persons or circumstances other than those to which it is held invalid or unenforceable, shall not be affected thereby, and each such term and provision of this license shall be valid and shall be enforced to the fullest extent permitted by law.

No waiver of any provision of this license shall be deemed, or shall constitute a waiver of any other provision, whether or not similar, nor shall any waiver constitute a continuing waiver. No waiver shall be binding unless executed directly by the party making the waiver.

Licensee acknowledges that the provision by Licensor of products (including components and spare parts), software, services (including warranty services), technology or intellectual property, including technical information supplied by Licensor or contained in documents (collectively "Items"), is subject to applicable export controls of the U.S. government and other jurisdictions, including but not limited to the European Union. These controls may require Licensor or Licensee to first obtain a license (or similar requirement) from the relevant authority, or regulatory body. Licensor shall not be liable to Licensee for any delay or failure to obtain the licenses or approvals that Licensor reasonably believes are necessary. Licensee shall comply with all applicable export laws and regulations. Licensee shall not, without first obtaining from the relevant authority or regulatory body any license required to do so lawfully, export or re-export any Item (either directly or indirectly), to: (i) any restricted or embargoed country or any person or organization whose privilege to participate in exports has been denied or restricted by the applicable authority; or (ii) any person or organization who is involved in improper development or use of nuclear weapons, or of chemical/biological weapons (CBW) or missiles, or in terrorist activities. Licensee agrees not to use any supplied Item in restricted or prohibited activities such as nuclear explosives, unsafeguarded nuclear activities, chemical or biological weapons development, restricted rocket systems, or military purposes. Licensee will, on request (i) promptly provide written information correctly identifying the end user and end use of any Items (including any information as it may relate to a subsequent transfer of such Items by Licensee); and (ii) cooperate fully with Licensor in any official or unofficial audit or inspection arising in respect of the Items under applicable export or import control laws or regulations. Licensee will ensure that the Licensees and end users to whom Licensee re-sells or transfers the Items agree in writing to the provisions of this Section and Licensee covenants to use its best efforts to enforce such provisions against customers and end users. Licensee shall indemnify and hold Licensor harmless from, or in connection with, any violation of this Section by Licensee or its employees, consultants, agents and/or representatives. In addition, failure of Licensee to comply with this Section shall be a material breach of this Agreement and shall entitle Licensor to immediately terminate this Agreement. Licensor shall be entitled to terminate this Agreement without prior notice if such termination is necessary in order to comply with applicable export laws and regulations.

This provision applies to all Software acquired directly or indirectly by or on behalf of the United States Government. The Software is a commercial product and is or will be licensed on the open market at market prices, and was developed entirely at private expense and without the use of any U.S. Government funds. The Software and any documentation are provided with Restricted Rights. Use, duplication, or disclosure by the Government is subject

to restrictions as set forth in this Agreement and in DFARS 227.7202-3 or FAR 52.227-19, as applicable. Manufacturer is FEI Company, 5350 NE Dawson Creek Drive, Hillsboro OR 97124.

This Agreement shall be governed by the laws of the State of Massachusetts, including without limitation its Uniform Commercial Code but excluding its conflict of laws rules. The United Nations Convention on Contracts for the International Sale of Goods shall not apply to this Agreement or sales made pursuant hereto.
