

## Organics by RAMAN

*Library Listing – 1,000 spectra*

This library contains a wide selection of organic chemicals. It provides chemists with a broad range of functional groups to aid chemical investigations.

The Nicolet Raman Organic Chemical Library provides 1000 organic chemical spectra from the 0-1000 Mini Stockroom kit from Chem Service, Inc. All samples were run directly through the unopened brown glass bottles from the kit using a Thermo Scientific FT-Raman spectrometer.
